A Simple Way to Manage Billing with Vanda E-Invoice

As the government implements the requirement for e-invoices in Malaysia, it's essential for those engaged in commercial activities to be prepared.

We are pleased to introduce the Vanda E-Invoice system, specifically designed for clinics. The key features include:

- View e-invoices submission & validation status
- Confirm and submit invoices, credit and debit note, and refunds to cut admin tasks.
- Accept/Reject Patient's Request for Rejection of e-invoice
- Confirm and Submit Cancellation of e-invoice within 72 hours for adaptable billing
- Reporting for e-invoices
